

Virtual Drum Battle JAPAN2022

Thank you for the many entries. Now it's time for the competition to begin in June!

The match-up cards for each class will be announced 3 days before the first voting for each class after Mr. Ohkubo, the general supervisor, checks everyone's submitted videos.

◆About the matchups for VDB2022

The preliminary round will start from the semi-finals for the introductory class, and from the preliminary round for the other classes.

For the Intermediate+ and Advanced classes, Mr. Ohkubo, the general supervisor, will seed the top two qualifiers and the winners will play in the semi-finals.

For the introductory class, due to the number of participants, one player will be seeded and will play the winner of the semi-finals in the finals. (The seeded winner will be judged by Mr. Ohkubo, the general supervisor, as above.)
Voting and results: Votes can be cast by clicking on the URL below the video on the voting page of the official website or on SNS.

The results of the competition will be automatically opened at the end of the voting period at the URL where the votes were cast, so you can check the results.
